

I am going to the Oconomowoc Area Historical Society & Museum. It is next to Roosevelt Park.

The entrance with steps is at the front.

They have a statue named Shufeldt Elk. It is not a real elk. It does not move or make noise.

They have a statue of Toto from The Wizard of Oz. It is not real. It does not move or make noise.

The entrance with a ramp is on the left side of the building.

To keep myself, others, and the museum safe:

I will keep my hands to myself.

I will stay with my group.

I will use my inside voice.

I will not eat or drink inside.

I will use my walking feet.

I can borrow a communication board during my visit.

If I need to go to the bathroom,
I can ask to an adult how to find it.

They have an auditorium.
The seats are soft.

The Streets of Old Oconomowoc show what things looked like in the past. The horse is not real. It does not move or make noise.

They have mannequins to display clothing. Mannequins are not real. They do not move and do not make noise.

They have an exhibit called Winter Sports in Oconomowoc.

The Milwaukee North Western Railroad Layout has trains. Only adults operate the trains. When the trains run, they make noise.

Some displays are behind glass.
I can only look at these things.

I am allowed to touch the different telephones. They do not work.

They have a Schoolroom. I can sit in the desks. These chairs are hard.

If I borrowed a communication board,
then I will return it before I leave.

When I leave with my group,
the exit with the stairs looks like this.

When I leave with my group,
the exit with the ramp looks like this.
